

Notice to all Members and New Members
of
North Hunt Special Utility District

Property Easement Requirements:

As of June 20, 2007 applications for new and/or transferred service will be considered incomplete and no service will be connected until the property easement has been filed at the County Court House with the County Clerk. You must then make sure this office is given a copy of the filed easement. We will no longer be responsible for filing property easements.

Thank you

North Hunt SUD
